Industry Partnership 2024

If you are reading this, you already know that IPWEA SA relies on sponsor revenue to fund the operation of the Division because your organisation is already a great supporter of our organisation. Membership fees support some of our basic operations, and sponsorship for events enables events to occur and adds some revenue to the bottom line, there is also a need for additional revenue to sustain the Division and expand its services.

This year IPWEA SA is offering an improved Industry Partnership package for up to eight businesses that have been long term supporters. We have changed to a calendar year term on a permanent basis to even the cash flow for us through the financial year. As such, industry partners will retain all their benefits until March 1 2025, and will be offered a chance to renew January / February 2025.

What are the benefits?

The benefits are pretty big! Lots of brand presentation and opportunities to show expertise in articles and LinkedIn Posts. Here are the details:

- Logo on all communications to members
- Logo on landing page of IPWEA SA website
- Information about the business on the IPWEA SA website for the financial year, with a link to the partner's website (see the ticker below from our website)

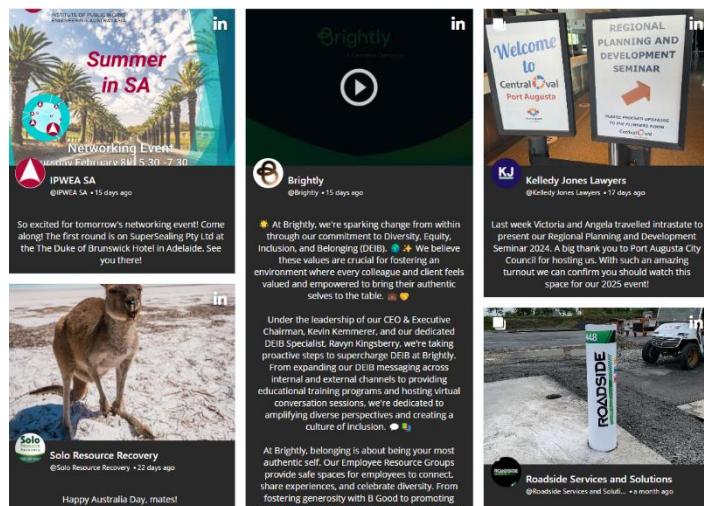

- Acknowledgement at all events as Industry Partners

- On LinkedIn, IPWEA SA will share two posts from the business per month (if they are available). To the right is an example of the news feed on our website of posts we have liked or shared.

- Two opportunities to provide articles for content marketing. The articles will be put on SA's website, and a LinkedIn and Email campaign will be used to direct people to read the article. These articles will simultaneously be used to promote events, training, and the SA conference.
