Location of Workplace: Road Reserve
Onsite Activity: Mechanical Excavation
Location in Road: Carriage/Way, Footpath, Nature Strip

• Check the location of the dig site is correct. If not submit a new enquiry.
 • If the scope of works changes, or an validity dates expire, resubmit your enquiry.
 • Do NOT dig without plans. Safe excavation is your responsibility. If you do not understand the plans or how to proceed safely, please contact the relevant asset owners.

Notes/Description of Works:
Service locating and potholing

Your Responsibilities and Duty of Care

- The engagement of an enquiry does not authorize the project to commence. You must obtain all necessary information from any and all likely impacted asset owners prior to excavation.
- If plans are not received within 2 working days, contact the asset owners directly & quote their Sequence No.
- ALWAYS perform an on-site inspection for the presence of assets. Should you require an on-site location, contact the asset owners directly. Please remember, plans do not detail the exact location of assets.
- Advise to establish the exact location of all underground assets using a hand shovel, before using heavy machinery.
- Ensure you adhere to any State legislative requirements regarding Duty of Care and safe digging requirements.
- If you damage an underground asset you MUST advise the asset owner immediately.
- By using this service, you agree to Privacy Policy and the terms and disclaimers set out at www.1100.com.au
- For more information on safe excavation practices, visit www.1100.com.au

Asset Owner Details

The assets owners listed below have been requested to contact you with information about their asset location within 2 working days. Additional time should be allowed for information issued by post. It is **your responsibility** to identify the presence of any underground assets in and around your proposed dig site. Please be aware, that not all asset owners are registered with the Dial Before You Dig service, as it is **your responsibility** to identify and contact any asset owners not listed here directly.

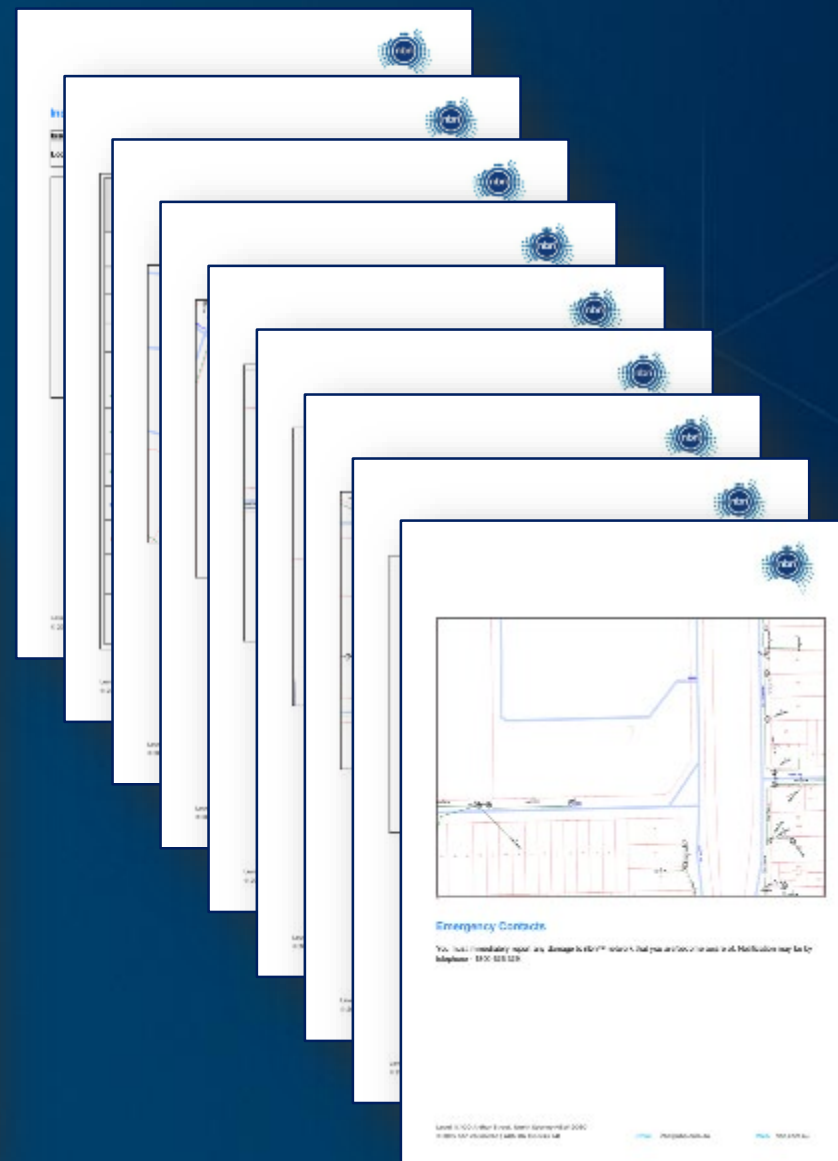

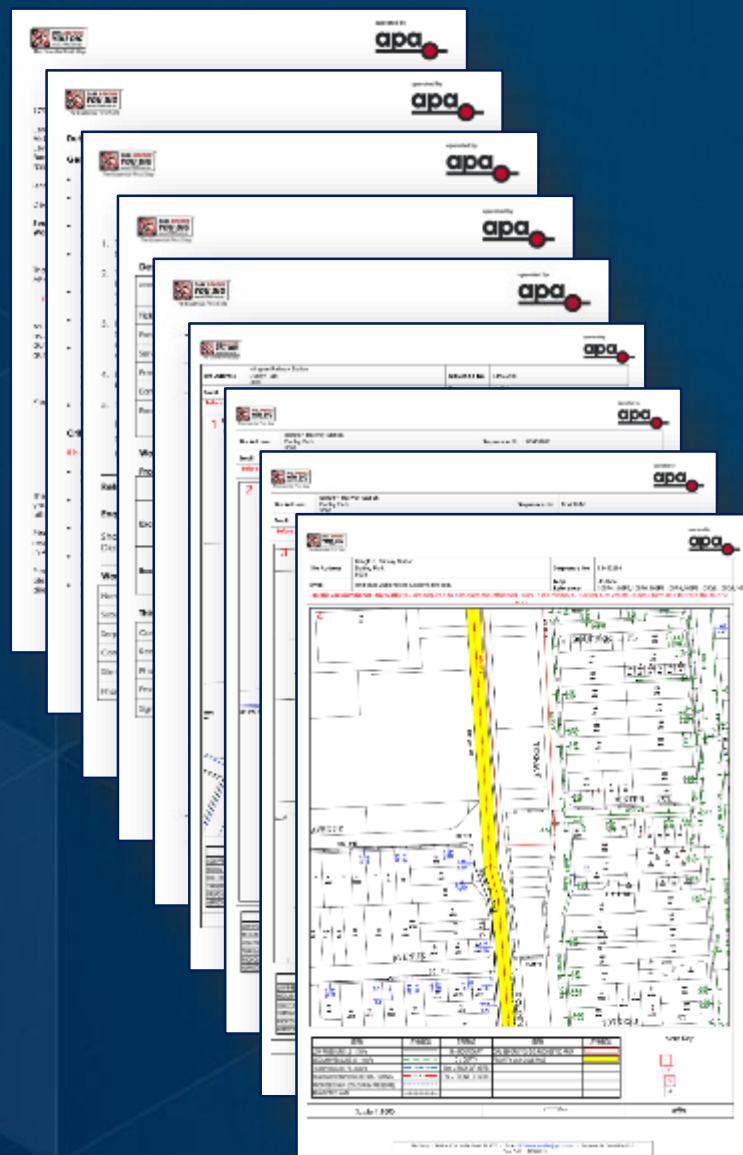

** Asset owners highlighted with an asterisk ** require that you visit their offices to collect plans.

** Asset owners highlighted with a hash require that you call them to discuss your enquiry or to obtain plans.

Challenges with today's situation

- Wide variety of response formats
- Difficulty orientating self against multi-page maps
- Little differentiation based on risk
- Too much information – don't read it all
- Requires submission days in advance
- Admin overhead leads to favouring large enquiries
- Secondary workflows for accessing digital data

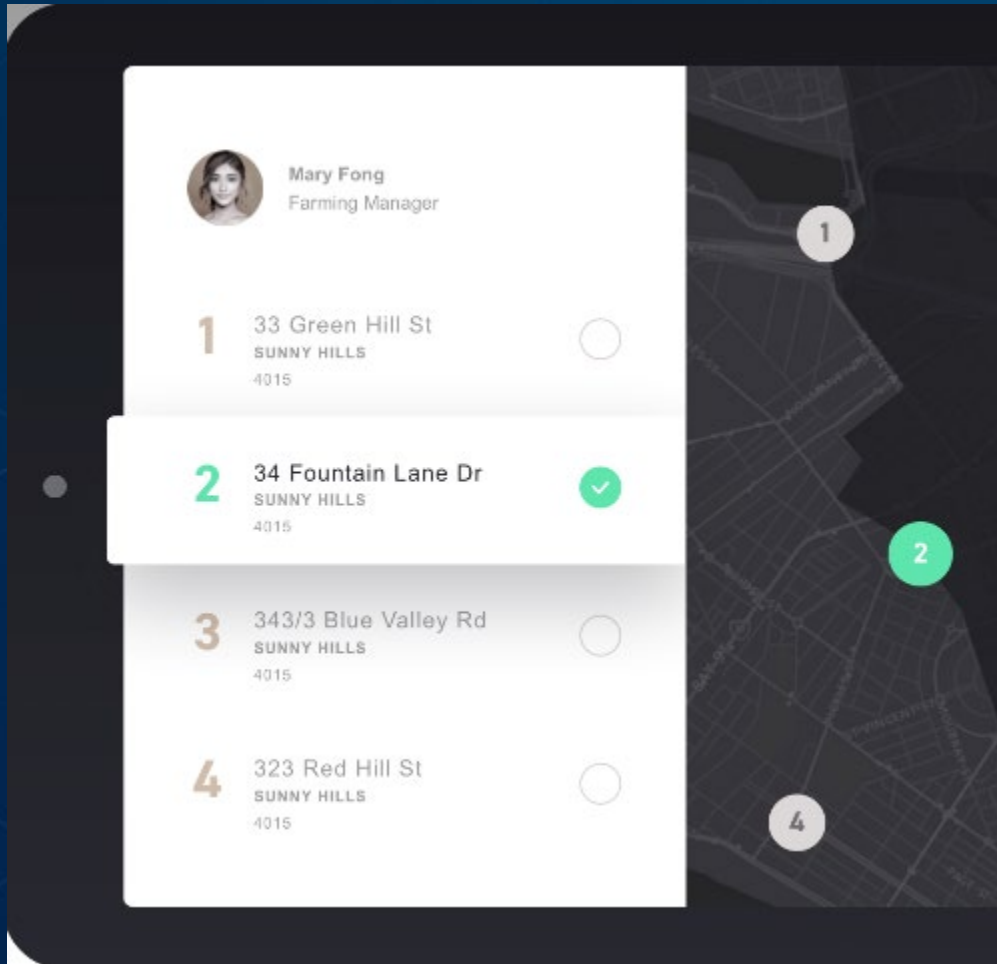

ESRI AUSTRALIA DESIGN PRINCIPLES

HUMAN CENTRED

Our solutions often serve a diverse range of users.

TASK ORIENTED

We begin the design process by identifying the user's purpose.

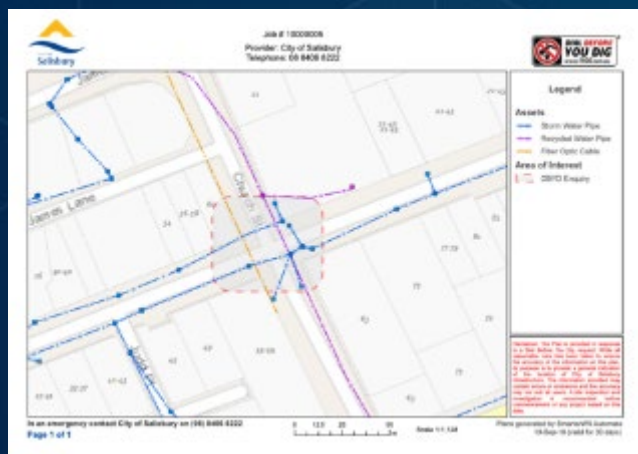

DELIGHTFUL EXPERIENCES

Our apps should deliver delightful
and memorable experiences.

DBYD Response - Job No.: 44000402, Sequence No.: 55000402 - Sullivan Road, Ingle Farm, SA, 5098

To: Gary Johnson

DBYD Enquiry: Sullivan Road, Ingle Farm, SA, 5098

Thank you for submitting your Dial Before You Dig (DBYD) enquiry for works in our area.

Job Number: 44000402
Sequence Number: 55000402

We advise that your Dial Before You Dig enquiry indicates that underground assets **are present** within or close to your dig site.

Please find attached the files containing information relating to your enquiry, together with a series of maps showing the indicative location of our assets relative to your proposed dig site. It is important to understand that the map shows the approximate position only and it remains your responsibility to accurately locate the assets before commencing works.

You may also access information regarding our underground assets via the following links:
