

TECHNICAL COMMITTEE DECISIONS REPORT

This report records all decisions made by the Technical Committee at the meeting. This report can be made available to Nominating Organisations, their constituents, and other key stakeholders.

Committee Number/ ID	MB-010
Committee Name	General Conditions of Contract
Meeting Number	011
Meeting Date(s)	11/05/2023

1 Purpose of the meeting

The purpose of this meeting:

- ~ Review outstanding Action items from previous MB-010 committee meetings.
- ~ Continue the review of drafted amendments to AS 4000 completed by Jones Day specified in and presented in [**106997 AS 4000 Working Draft 20230406**] and [**Drafting Brief 5Apr23 version 17**].

2 List of All Committee Decisions

Decision No.	Decision including technical background or justification
011-01	Following the review of clauses related to certificates, MB-010 decided to maintain the current clause wording due to the complexities of jurisdictional differences around the country. It was resolved a note will be added to the clause to highlight these differences.
011-02	Following the review of drafted works related to programming, MB-010 decided to review the principles under which the draft clause was prepared. A series of questions were developed to identify areas of improvement in the programming clauses and help to decide how to proceed with the amendments to the clause. All members are to liaise with their nominating organizations to complete the proposed questions.
011-03	Following a discussion on dispute resolution clauses, MB-010 agreed for a discussion paper be drafted detailing the options and default process flow for dispute resolution. The discussion paper will be used to inform the drafting team on how to proceed with development of the clause. All members are to liaise with their nominating organizations to prepare a position proposed in the discussion paper.
