

TECHNICAL COMMITTEE DECISIONS REPORT

This report records all decisions made by the Technical Committee at the meeting. This report can be made available to Nominating Organisations, their constituents, and other key stakeholders.

Committee Number/ ID	MB-010
Committee Name	General Conditions of Contract
Meeting Number	012
Meeting Date(s)	7/06/2023

1 Purpose of the meeting

The purpose of this meeting:

- ~ Review outstanding Action items from previous MB-010 committee meetings.
- ~ Continue the review of drafted amendments to AS 4000 completed by drafting team.

2 List of All Committee Decisions

Decision No.	Decision including technical background or justification
012-01	MB-010 endorsed a position paper detailing the need to include a way to execute the contract and provide options for Standards Australia to consider. This document has been submitted to SA management for consideration and will be addressed in future meetings.
012-02	MB-010 decided the proposed amendment to programming will not proceed due to a change in risk allocation. MB-010 decided to revert to the existing clause with minor amendments to improve clarity for users.
012-03	MB-010 agreed to consider updating the dispute resolution process in AS 4000. A discussion paper was endorsed and able to be shared with Nominating Organizations for feedback.
